Armadillo Announcements

November 7, 1995

Dear Armadillos:

Our meeting this Friday (November 10) will be at 12:00 noon at Papagas which is located at 620 North State Street (642-8450). Although they sent me a menu and I considered ordering family style ahead of time, the menu was greek to me, so I decided to wait. (Sorry about that, I've had too much coffee this morning already.) **Please RSVP by 5:00 p.m. Thursday! 627-1212.** Next month's meeting will be on Tuesday, December 5, so mark your calendars.

Since I'm faxing this out, I am going to make it brief. If anyone is hiring 1996 graduates, please contact Amy Miner (312) 466-7231. Her sister will graduate in 1996 and has clerked for two years doing coverage work and general litigation. She received an offer after her clerkship, but would like to investigate other options. Amy would be more than happy to forward copies of her sister's resume to anyone interested.

Also, I received a call from Don Peterson of the merged firm of Brydges Riseborough Morris Franke and Miller and Schaffenegger Watson and Peterson. (Some of you may remember Lou Brydges-local counsel for OMC). Don is looking for an associate with insurance expertise, in particular a lawyer with a working knowledge of general liability, professional liability, and specialty lines policies to perform coverage analyses. If interested, call Don at (312) 782-5042. His office is located at 150 North Michigan Ave.

This month's newest Affiliate Armadillo is Victoria H. Roberts (Vicky) of the Philadelphia firm of Weber Goldstein Greenberg & Gallagher. Vicky has substantial experience in environmental, toxic tort and insurance coverage matters. Until 1992, she served as Litigation Management Counsel for CIGNA and prior to that she was Director of Environmental Claims at CIGNA. If you need good counsel in Philly, now you know who to call. (215) 564-4597.

I have some more info on Vicky and an article Marty Hollingsworth sent us re women in coverage that I will include in my next full length Armadillo Announcements. I also have a bunch of other things that I want to send in the next edition, like a list of Dumb Men Jokes that a male client thought you might enjoy. Example: How are men and parking spots alike? The good ones are always taken and the ones that are left are handicapped. I also have a copy of Judge Dunne's rules on Collegiality for you. I thought this would be interesting for those of you who have practiced before Judge Dunne.

My suggestion for the book of the month: Chicken Soup for the Soul. It's a collection of 101 one and two page uplifting stories- not that we need uplifting or anything. Hopefully, Mary Pat will provide us with a suggestion for next month that will be a little more esoteric. Word for the month: esoteric- understood by or meant for only the select few who have special knowledge or interest or for the initiates of a group.

See you all on Friday.

Linda A. Weaver
